

WellSpan Health Mobile Mammography Program

Stacey Rife, BS, R.T. (R)
Manager Imaging Operations

October 2025

What is the Mobile Mammography Program?

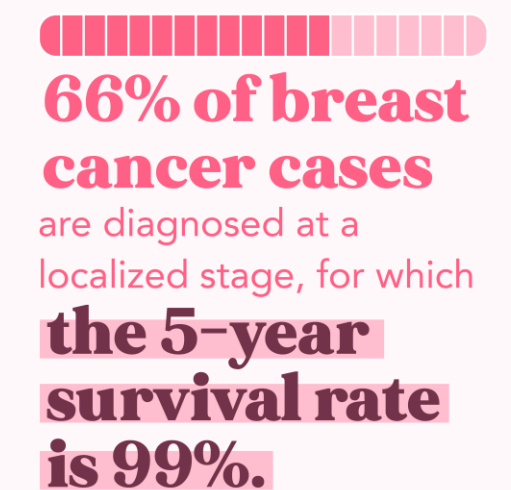

Mobile Mammography Mission Statement:

The WSH Mobile Mammography Program will provide a greater opportunity to:

- Connect to our WSH vulnerable populations and community members
- Support WellSpan Health in meeting HEDIS Metrics for screening exams
- Address access issues at busy WSH imaging sites
- Support our growth strategies with employer services
- Bring awareness to the need for annual screening mammography

Why Screening is so important?

Program Review

- Program has been active since Sept 2021
- As of Oct 1st, we have:
 - performed 4.646 screening exams
 - Performed 757baseline exams
 - Initiated 621 follow up exams
 - Diagnosed 37 patients with cancer
 - 8 of those being minimal cancers
 - Cancers that are smaller than 1cm
 - Not typically found on physical exam
 - High curability

Mobile Mammography Unit

- **Find an event**
 - Go to www.Wellspan.org/GOmammo
- **You can see upcoming events**
 - Find an event that works for you
- **Access No-Cost Screenings: 717-851-5051**
 - Assisted 348 patients who required financial assistance
- **Language Assistance**
 - 361 patients who require interpreter since 2023
- **Host a Screening Event: 717-GoMammo.**

How can I host the Mobile?

To Reserve the Coach: call 717-466-2666

Once Scouting and site is approved, a host agreement will be sent, and your event will be scheduled.

A flyer will be created for you to distribute for your event.

Important coach considerations:

Please be sure that your venue can accommodate the following requirements:

- The WellSpan Mobile Mammography coach is 41' 3" long and 13' 2" tall. Sufficient parking and maneuvering space are required in a **paved, level area, approximately 10 parking spaces wide**.
 - There should also be no low-hanging tree limbs that hang over this space.
 - It must also be more than 10' from high power lines.
- Additional space of approximately 5' wide is needed on the passenger side of the coach for stairs.
 - Remember to allow for a participant walkway to the coach.
- The WellSpan Mobile Mammography coach runs on diesel fuel.
 - Be sure that there are no facility air intakes nearby.
- The WellSpan Mobile Mammography coach will be onsite for approximately six to eight hours.
 - Sufficient parking space must be reserved for this duration.
- As this will be a long day, please ensure that the WellSpan Mobile Mammography staff has easy access to restroom facilities.
